raulantonechevarria@gmail.com

I am a Robotic Intelligence student currently in my second year with an average grade of nearly 9. I have earned several honors and an honorable mention in my bachelor's degree. I am motivated to continue learning and delve deeper into my studies and the world around me.

PROFESSIONAL EXPERIENCE

I currently have no professional experience, as I am focused on my education, both academic and self-taught. I strive to acquire solid knowledge both inside and outside the classroom so I am prepared when the time comes to enter the workforce.

EDUCATION

**UNIVERSITAT JAUME I**   **Castellón, Spain**
Robotic Intelligence
Honors: Robot Programming, Physics, Operating Systems, AI, among others.

ADDITIONAL SKILLS

- I understand technologies such as ROS2, Android Studio, Bash, C++, Java, and Python.
- I am a native Spanish and Valencian speaker. I have a C1 level in English and an intermediate level in Mandarin Chinese.
